“ What a good hearted and thoughtful lady !!! When I first met Donna, I knew she was "good people" and I knew that was a rare gift to have. She adopted one of my "kids" Scruffie Sue as I was moving back to Ohio and couldn't travel with two. Ever since that she had sent me photos and kept me updated on Scruffie's progress. She knew I collected butterfly items and would constantly send gifts in the mail with that theme. So many times, so many gifts, so many thoughts and so many smiles. She was a giver and the most thoughtful person I ever knew. When she would call or write it made me feel special to have someone who thought so much of me and cared so much. When Gerry called me, I knew it was going to be bad news and I was right. My heart hurt to think I lost her voice forever. She will always be in my heart and soul. A bright light in my memories of her forever. I may not ever hear her sweet, caring voice again but I will carry her close with me wherever I go.
