“ Sur,
We are sitting here stunned by the news of Kiby's passing. It is August 24 and just heard about it from my brother in Red Lion.
I can say that music was the basis that brought Kirby and our little group of friends together.
Later when our paths crossed at a Class of 66 reunion we had the opportunity to renew our friendship.
Then Yvonne and I went on new adventures and our connection was broken once more. Even so, we thought of you both often and wondered where you were.
Please accept our heartfelt condolences as we remember Kirby.

“ Dear Sue, I don't know if you remember me or not, but I wanted to let you know that I have often thought of you and Kirby and wondered how you are. I was saddened to hear of his passing. I still have and use a bookmark that he gave me some time ago. Know that I care.

“ All morning my memories of Kirby have been running through my head like a movie and each one of them has made me smile. Kirby joyfully singing with the Glen Rock carolers in sub-zero temperature, enthusiastically searching for birds in Nixon Park, playing hide and seek with the dogs and putting down a piece of birthday cake for Gulliver & Guinevere (and not letting them eat it until we all sang Happy Birthday). Thanks again for sharing such a warm, funny man with me. I really do miss him already
